|--------------------------------|----------------------------------|----------------------|---------------------------------------------|
| STUDENT NAME<br>Sample Student | CURRENT YEAR OF STUDY<br>Year 12 | MONTH<br>August 2026 | SUBJECT<br>Mathematical Methods (Units 3&4) |
|--------------------------------|----------------------------------|----------------------|---------------------------------------------|

TUTOR'S NOTE

This month's focus areas were “Functions, Relations and Graphs” and “Algebra, Number and Structure”, with steady progress applying these ideas to new problems. Confidence is building session over session, and independent working-out is becoming noticeably more fluent. Next month we'll begin building on “Calculus”.

TEST MARKS BY TOPIC – THIS REPORTING PERIOD

THIS MONTH'S RATINGS

|                 |                        |            |
|-----------------|------------------------|------------|
| Accuracy        | <div><div></div></div> | Developing |
| Speed           | <div><div></div></div> | Excellent  |
| Topic Knowledge | <div><div></div></div> | Developing |
| Problem-Solving | <div><div></div></div> | Strong     |
| Confidence      | <div><div></div></div> | Strong     |
